The Lillian and Emanuel Slutzker Center for International Services (the Slutzker Center) welcomes you to Syracuse! You are encouraged to participate in all *Syracuse Welcome 2009* events, but specific events have been designed just for you.

The Slutzker Center is the official liaison office with the U.S. Department of Homeland Security for all international students and scholars at Syracuse University and non-immigrant students at SUNY College of Environmental Science and Forestry (ESF). If you have questions regarding immigration regulations, passports, visas, health insurance, employment, or travel, or have personal, social, academic, health, housing, or financial concerns, the Slutzker Center can offer advice and counseling.
